

volunteer agreement packs

Introduction

Stewardship has joined forces with **Anthony Collins Solicitors** to produce a volunteer agreement pack designed specifically for churches and Christian charities

The pack includes a model "agreement" for churches/charities working with long term and significant volunteers.

It also includes model health & safety policies and model expenses policies, together with explanatory notes and a frequently asked questions section.

The volunteer agreement pack will:

- ensure that your church/charity has proper arrangements in place for long term, or significant, volunteers.
- cover arrangements for time off, working arrangements and similar.
- cover statements of faith and codes of practice.
- help avoid the potential pitfalls of an employment, where it has similarities with the volunteers work.

The pack consists of the following parts:-

- Model volunteer arrangement for a Church/charity worker
- Model Code of Conduct
- Model Expenses policy
- Model Health & Safety at work policy
- Explanatory notes for volunteer arrangements

The documentation is emailed to you and can be supplied in hard copy if necessary

Extent of permitted use

Please note that your purchase of a pack entitles you to make use of the documentation on more than one occasion but it must not be used other than for a volunteer of your church / organisation.

Prices

- The standard pack price is £70 plus VAT, a total of £82.25

We anticipate that the documentation will be updated from time to time. We will notify you of the opportunity to obtain an update, which will be in the form of a completely new pack.

To obtain the pack, complete and return the attached order form with your payment.
