what risks does your church face?

We have identified over 50 main areas of risk to manage in a church, from child protection and fire safety to reputation and record-keeping.

purpose

The aim of the toolkit is to assist the trustees and leaders in the process of identifying the risks faced by the church, to prioritise them and then take the appropriate action to deal with them.

It acts as a checklist, a register of concerns/actions and responsibilities and also provides details of insurance aspects that should be considered together with useful contacts and addresses.

Although no tool can present a definitive list and thought should therefore be given to the risks that each particular church faces, the risk assessment toolkit provides reassurance that you are covering all the key areas.

how it works

The toolkit is Excel based and comes complete with instructions on how to use it. Should you need any help or advice regarding its completion, one of our consultants is available at the end of a phone to advise you.

pricing

The toolkit is available at a basic cost of £40 inc VAT. However, should your church or charity already subscribe to our Consultancy Helpline service, the price reduces to £20 inc VAT.

Further updates will also be available to those who have purchased the toolkit at a cost of £5 inc VAT per update.

If you would like to obtain a copy of the toolkit, please contact Linda Hodges on 020 8502 8563 or email enquiries@stewardship.org.uk
