Church Planting

Our story

YOU'RE IN GOOD COMPANY

In 1906, Stewardship was established by a group of Christian philanthropists, church planters and evangelists to steward generous gifts and financial support to Christian ministries in the UK and overseas.

Our methods have changed but our mission remains the same. Over the last decade, we have enhanced these services to help a growing number of individuals and families with the capacity and calling to make larger gifts.

From technical complexities to the deeply personal and spiritual questions of how much and whom to give to, we are uniquely positioned to understand the pressures and issues that can come with making such gifts. We also bring insight, understanding and knowledge of the churches, charities and individual workers who are on the front-line making an impact.

We understand that Christian philanthropy is more than just a charitable donation. It's a heart matter – a calling to carefully and wisely steward the resources available to you to bring hope and restoration to our local, national and global communities.

CASE STUDY

“We were so pleased to sit down with the team from Stewardship and know that we didn't have to face all these challenges alone.”

“Deciding to sell our business was the easy part – deciding how much of the proceeds to give and working out the most efficient way to do so was very stressful.

After an introduction from a friend, we were so pleased to sit down with the team from Stewardship and know that we didn't have to face all these challenges alone.

Their team of specialist advisors helped us explore our options to make sure we got the best value from our gift, while the whole team took the time to understand our hopes and fears, introduce us to others who had been in our situation, and worked with us to establish a strategy for our giving.”

Your giving

CREATED JUST FOR YOU

We recognise that each giving journey is unique, so the landscape of our offering is flexible and continually evolving to meet your needs.

As we work with you to support your philanthropic aims we will tailor a solution to suit your needs, bringing together our suite of bespoke services, team of dedicated experts and wider network of advisors, as well as your own advisors when required.

ACHIEVE YOUR GIVING GOALS

We'll match you with experts on our team who will meet with you to understand your needs. We will offer clear, considered and personal guidance and work with you to create a strategic plan to achieve your philanthropic goals.

CONNECT TO THE CAUSES YOU CARE ABOUT

We gather the information you need to feel confident in your giving decisions. You can ask us to identify potential new recipients from our database and wide-reaching networks, evaluate the impact of existing recipients, or conduct additional research if there are new causes you wish to explore.

LIGHTEN YOUR LOAD

Our team will take care of all the day-to-day administration of your giving. We'll handle everything from incoming gifts of cash, shares and property to grant making and communication with recipients, and you'll be able to keep track of everything we do.

DISCRETION FOR YOU AND YOUR FAMILY

You can give with confidence knowing that all recipients are verified against Stewardship's eligibility criteria and reviewed regularly by our team. When discretion is required we can also make gifts under a fund name or totally anonymously.

SIMPLIFY YOUR OWN CHARITABLE FOUNDATION

If the administration and compliance for your existing family charitable foundation is becoming a burden, speak to us about transferring this to a Donor Advised Fund or Philanthropy Fund.

INTERNATIONAL GRANTMAKING

For global giving we work with TrustBridge Global, a Swiss foundation focused on building a growing global member network that allows donors around the world to fund charities of their choice. TrustBridge manages the due diligence to ensure charities are legitimate and able to receive international grants. We are delighted to partner with them in this work.

MAXIMISE YOUR GIVING POTENTIAL

We'll handle your giving tax-effectively; this can include the use of our UK/US dual-qualified Donor Advised Fund and a range of complex non-cash giving, including gifts of property and gifts of shares. All legal obligations and reporting requirements will fall to Stewardship and we will provide your tax advisors with the information they need to manage your tax reporting.

INVESTING YOUR FUND

Part of working together can involve the investment of your balance whilst it is in our care. We offer traditional financial investment options, dynamic social investment options for Kingdom impact, or provide options for you to nominate alternative investment opportunities.

TESTIMONIAL

“The range of support Stewardship can offer Christian families looking to focus on Kingdom Giving is very impressive.”

“I have worked extensively with Stewardship and, in particular, the Philanthropy Services Team in recent years. They combine the knowledge of their subject with a friendly and proactive mindset.

I particularly like their ‘can do’ culture.

For families wishing to engage with their adult children on the topic of generosity or those wanting to do some serious thinking about how best to structure their range of giving,

they offer excellent support. Their Donor Advised Fund model is also a very helpful alternative for families thinking about their own charitable foundation.

The range of support they can offer Christian families looking to focus on Kingdom giving is very impressive.”

TAILORED FOR YOU

Donor Advised Fund

Our Donor Advised Fund is the single place for you to give tax-effectively to all the causes you care about. We create a fund for you within Stewardship from which to manage your giving to charities, churches and individuals in Christian ministry. Leave us to worry about the governance, administration and reporting requirements while you enjoy giving without complications. The Donor Advised Fund is for those looking to give more than £25,000 per year.

Philanthropy Fund

The Philanthropy Fund is for those who are looking to set up a long-term fund, with a starting gift of £500,000 or more. Our experienced team will work closely with you and your advisors to establish a fund suited to your needs and your preferred way of giving. They will work with you, providing clear, considered and personal guidance and developing and implementing a strategy to help you achieve your philanthropic goals.

Stewardship America

If you have tax liabilities both in the US and the UK and want to make a difference to the causes close to your heart, Stewardship America enables you to give with the benefit of tax relief in both countries. Your gifts could qualify for UK Gift Aid, increasing the value of any gifts made by 25%, and also qualify for a deduction from your US taxable income at your marginal rate, where applicable.

 TAILORED FOR YOU

Donor Advisory Board

If you appreciate wider input on your giving decisions, we can help create and manage a board structure to regularly involve family, friends or other expert advisors on grant-making decisions. Also a perfect option if you are migrating an existing family foundation or charitable trust to Stewardship.

Legacy & Estate Giving

We're committed to ensuring you have full peace of mind when it comes to succession planning and any arrangements you may wish to make for gifts in your will as part of your estate planning. We can engage wider family members as part of our service, as you choose, and provide additional support for those wishing to coach and support emerging generations to start their own journeys of generosity.

Social Impact Investing

Sound financial investing of funds comes as standard, but for those looking for more, we regularly develop new and innovative ways to manage, grow and release resources for Christian work in the UK and overseas. We pioneered social impact investing through our own lending product for churches and continue to offer new opportunities to invest fund balances to achieve financial, social and spiritual returns.

“Each of you should give what you have decided in your heart to give, not reluctantly or under compulsion, for God loves a cheerful giver. And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work.”

2 Corinthians 9:7-8 (NIV)

“Any temporal possession can be turned into everlasting wealth. Whatever is given to Christ is immediately touched with immortality.” A. W. Tozer

PARTNERING WITH YOU FOR IMPACT

In 2020, as the UK entered lockdown, we launched our first Rapid Response Fund to help churches and Christian charities adapt and innovate to bring hope and transformation during the early days of the Covid-19 pandemic.

In 100 days, we helped over 50 individuals, families and trusts to create and distribute almost £5m to 88 organisations within our extensive network of reviewed and approved partners throughout the UK.

We are always active on your behalf.

Active generosity

Stewardship is here to help the Christian community in the UK to give and receive. We enable our clients to manage their giving, helping them to effectively support the causes they are closest to and inspiring them to connect with a world of Christian philanthropy and create positive change, in Jesus' name.

We call this Active Generosity.
