Why this position is important to us

Stewardship has a mission to activate giving, making it joyful and easy – helping Christians support the causes they love, right when they need it. Our givers tell us that they manage almost all of their finances through apps, so why shouldn't their giving be managed through an app too? Our users love our MVP single-platform Giving app, but we need to rebuild and scale in cross-platform to become production-ready. We also need to build a range of other MVP apps to serve other types of givers and our recipients, so there's lots to do!

The impact you will have in this role

We're looking for a **passionate, experienced React Native developer to take us to the next level**. Someone with the tenacity to quickly build MVPs, but also the competence to build reliable, production-ready apps that serve our many givers and partners.

Welcome to Stewardship

Big or small. First or last. Given or received. We make every gift count.

We're a place where connection happens - where those called to give meet those called to go. A community of generous stewards uniting to use all God has given us to love Him, love one another, and love our neighbours as ourselves.

We help Christians give and we strengthen the causes they give to.

We call this **Active Generosity**.

Our vision and values

Our vision is for the world to encounter Jesus through the generosity of His church.

At our core, as believers in Jesus Christ, are the biblical values of:

Generosity
expressed with
Joy

Relationship
strengthened with
Understanding

Integrity
demonstrated with
Justice

Service
delivered with
Excellence

For over 100 years, we've helped Christians, charities and churches activate generosity, resource their calling and make a difference in Jesus' name.

In 1906, Stewardship was created by a small group of Christians uniting to release generous gifts and financial support to Christian ministries in the UK and overseas. Among their number were professionals and philanthropists, chemists and church planters, factory workers and evangelists, with each giving as they were able.

Today we help over 30,000 Christians experience the joy of being 'actively generous', supporting over 4,000 churches, 2,300 Christian workers and 6,000 charities.

Our methods have changed, but our mission remains the same.
